

Languages

Long story short

Many migrant workers from Turkey came and settled in Germany after World War II, bringing their food, culture, and language. So don't be surprised when you hear Turkish around Germany!

Nothing is perfect

Put words describing how good your language skills are after the subject and verb!

 Ich spreche **perfekt** Deutsch.

I speak German perfectly.

Languages

 Sprichst du **nur** Englisch?

Do you only speak English?

Learning lernen

In English, you can study a language, study for an exam, or study at a university.

Lernen just has the first two meanings — there's a different verb, **studieren**, that means **to be a university student**.
